

ILLIA IVASHCHENKO

Toronto, ON | 437-329-3013 | ivchick350@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFILE

Software Engineering student and A.I. Development Intern at Project: Human City, with hands-on experience in TypeScript and Node.js services, privacy controls, automated testing, and Kubernetes deployments. Also built projects in C++, Python, and front-end web technologies.

TECHNICAL SKILLS

Languages: C++, Python, Java (learning), JavaScript, TypeScript, SQL

Web: HTML5, CSS3, Flexbox, responsive design

Backend & databases: Node.js, PostgreSQL

DevOps & testing: Kubernetes, Kustomize, Docker, Podman, Git, pnpm, Vitest, CI/CD

PROJECTS

Personal Portfolio Website | HTML, CSS

| [GitHub](#)

- Built a responsive portfolio with sticky navigation, anchor-linked sections, and a separate stylesheet.

FromSoftware / Souls-like Explorer | Python

| [GitHub](#)

- Created a CSV-driven console app to filter and sort entries and generate summary statistics.

Templated Weighted List Container | C++

| [GitHub](#)

- Implemented a linked container from scratch without the STL, with search, erase, and access-based reordering.

EDUCATION

Bachelor of Software Engineering | Seneca Polytechnic | Toronto, ON

Expected Apr 2028

GPA: 3.1 | Relevant coursework: Web Programming and Scripting; Software Development and Deployment; Object-Oriented Programming; Operating Systems; Database Design Principles

WORK EXPERIENCE

A.I. Development Intern | Project: Human City

Toronto, ON | May 2026–Present

- Develop TypeScript/Node.js verification and attestation services, including signed issuance flows, schema and migration updates, and automated Vitest coverage.
- Implement privacy safeguards such as opaque user IDs and PII detection and redaction across logs, events, exports, and admin/error surfaces.
- Improve Kubernetes deployments and CI with canary rollout checks, readiness probes, migration jobs, network policies, and runtime hardening.

Customer Service Associate, Loader & Store Clerk (Part-time) | Bathurst Village Market

North York, ON | Apr 2024–Present

- Assist customers, resolve service issues, maintain organized stock, and support inventory accuracy.
- Coordinate deliveries and load or unload products while following store safety procedures.

Animator | Fairyland Theatre Inc.

North York, ON | Jun 2023–Nov 2023

- Led structured activities for children's events and adjusted to changing schedules and customer needs.

Sales Consultant, Cashier & Loader | All For Reno Inc.

Concord, ON | Oct 2022–May 2023

- Recommended products to customers and supported cash transactions, loading, and inventory tasks.
